# ABOUT US

**V**alencia College is an independent co-educational boarding and day school for children aged 10 years and above. At Valencia College, we offer a broad and balanced education within a friendly, caring and happy environment.

At Valencia College the curriculum offered is based on the English national curriculum with good reference made to indigenous learning experience. In addition, our approach to education creates a strong base for future development. This encourages a culture of independent learning that challenges students to accept greater responsibility for their learning.

At Valencia College, our highly personalised learner system provides a distinct process, through which student's strength, potential, ability and interest are identified and harnessed.

Our processes, procedures and policies are guided by a simple belief that every child matters. We are

therefore able to cater for students with a wide range of learning abilities and this makes our school exiting and welcoming inclusive environment where academic excellence is promoted with a strong pastoral and co-curricular emphasis in a global dimension.

At Valencia College, our ethos of excellence permeates across all aspect of school life making the experience of learning holistic as students have access to support advice and guidance.

Emphasis is placed on moral development and excellence through diligence, honesty, discipline, integrity and respect for others.

Our comfortable and homely boarding houses are walking distance from the college and the students will walk regularly to and fro, developing a sense of responsibility and independence from an early stage. With facilities that houses over 500 students, Valencia College forms a

vibrant, dynamic and warm community.

Students thrive on expert teaching, small classes as class sizes are limited to a maximum of 18 students in a class, state of art facilities and vast range of extra-curricular activities.

Students of Valencia College are seen enterprising, friendly and ambitious. They will be made to exhibit wonderful energy that will fuel the vehicle of their purpose.

We expect to have impressive results when our students go on to study @ international renowned university where we have established strong network.

In all, Valencia College is founded on Christian principles of character development. Titus 2:7 drives our passion to be the best, promoting excellence across great divides and creating role models for the society.

...you will join us to say there is no better place to learn than Valencia College.

## OUR VISION, MISSION AND CORE VALUES

- A school that inculcates high moral values in its students
- One of the top class schools in Oyo State, competitive within its class

- Service to the community
- Team work

# WORLD CLASS FACULTY

Valencia's faculty is made up of outstanding and innovative teachers from across Nigeria. Some are lifelong teachers, while others have worked as practitioners in their fields as leaders and entrepreneurs in science, business and public service. Valencia College faculty members are system thinkers who see connections across subjects and encourage deep exploration of student's interests. All Valencia faculty members share a belief that young people can change the world. They lead proactive and interactive classroom discussions and support independent exploration into topics of interest. They help Valencia students turn their dreams into reality.

### Parent's Testimony

Good Morning Mr Goodness, I've not been able to get in touch since the results are out. I sincerely appreciate you, the principal, the teachers and everyone involved in helping the children since inception till graduation. "The fear of Mr Goodness is the completion of notes" thanks for instilling discipline, being a good example to follow, you will hear words like "proprietor is so hardworking, takes good care of his family, and many more". Its our prayer that the school move from glory to glory in Jesus name. Amen. Sorry for my long note. Regards to the family.

-Mrs Moyero

Love this, Last year was the release of eagles, and again the idea of using two teachers for subject like chemistry, physics and biology really helped my daughter. It was not like that in her former school, really appreciate your efforts, The voice of the Lord that speaks better things will continue to speak for Valencia, your entire household will not know sorrow, afflictions will be far away from you. Up School, Up Valencia

-Mrs Adeyemo

Just to appreciate your mentorship/tutelage on our ward...Awe Faith. Thanks for the positive impact while at Valencia. We are greatly indebted to the Management, entire members of staff, especially the hostel teachers. It will be interest you that Faith is now in Afe Babalola University, Elect/Elect Department. The matriculation ceremony was held today. To God be the Glory. Up Jesus! Up Valencia!! No wonder my girl's comment during the GCE class she attended at Valencia was "any student who attends Valencia and fails is to blame, they teach so well there "Keep on the good work sir", Greater Glory ahead in Jesus name. We have DOMINION.

-Mrs Awe
